The WEX editor takes the full dissertation and completes a full service of copyediting, proofreading, and format editing. General writing, obvious errors, and format issues will be corrected. If you feel confident about your dissertation and have received positive feedback from your chair, this service will ensure that the dissertation has been polished and ready for your committee.

Up to 6 hours of editing.

The WEX editor examines your entire document for structure, style, and clarity of the writing. Organization and development will be copy-edited to ensure smooth transitions between ideas and absence of redundancy. A full technical edit ensures correct formatting, including citations and references, and proofreading for errors and typos. If you are concerned that there are issues related to the writing and formatting of your dissertation, this is the service for you.

Up to 8 hours of editing.

The WEX editor provides line-by-line feedback related to writing structure, style, and clarity. A full copy edit ensures that the development of the material is well-organized and the prose is clear and concise. The editor line edits for syntax, fragments, verbal tenses and word choice as well as proofreads for typos and other errors. All formatting issues are corrected. If you are concerned about writing style, the organization of ideas, and format, this deep editing support is the service for you.

Up to 10 hours of editing.
