CHAPTER I: INTRODUCTION

Introduction chapter begins here. Use Microsoft Word headings styles to style your section headings, customizing them according to the APA 7th Edition heading levels as follows.

APA 7 Level 1 Heading: Centered, Bold, Capitalize Major Words

Text begins as a new indented paragraph. Use Level 1 headings for the main sections of your chapter.

APA Level 2 Heading: Left Align, Bold, Capitalize Major Words

Text begins as a new indented paragraph. Use Level 2 headings for sub-sections within the main sections of your chapter.

APA Level 3 Heading: Left Align, Bold Italic, Capitalize Major Words

Text begins as a new indented paragraph. Use Level 3 headings for sub-sections within level-2 sub-sections.

You might only need to use 2 or 3 different levels of headings; you don't necessarily need to use all 5.

APA Level 4 Heading: Indented, Bold, Capitalize Major Words. After a period, text begins on the same line and continues. Use Level 4 headings for any sub-sections within level-3 sub-sections.

APA Level 5 Heading: Indented, Bold Italic, Capitalize Major Words. After a period, text begins on the same line and continues. Use Level 5 headings for any sub-sections within level-5 sub-sections.

References

Note that the References should be single-spaced with an additional space between entries.

Use a hanging indent for this section: select all reference text, and go to the "Format" menu, then "Paragraph", then in the "Indentation" setting, choose Special: "Hanging."

You may decide to use RefWorks to manage your References: All AU students and faculty members may create free RefWorks accounts.

Dissertation writers are responsible to attend to accurate notation and format of citations and references. If needed, the Writers' Exchange (WEX.antioch.edu) has professional format editors who can edit your manuscript for accurate citations and references.

APPENDIX

All appendices should be listed in the Table of Contents and have individual labels. Be consistent with the labelling:

- For Single Appendix: either place title (in header) on the document or as a cover page.

  o Single Appendix: **APPENDIX: FIRST LETTER TO PARTICIPANTS**

- Multiple Appendices: If you are able to title each on the actual document, then center in header & do so for all:

  o Example **APPENDIX C: RECRUITMENT EMAIL**

- Cover pages: If you're unable to add a title to a document, then all must receive individual cover sheets before the document.

  o This cover page has the individual appendix listed plus the title of what follows. Place title 10 lines from top margin, center & bold. (SEE NEXT PAGE)
